REFINED SHOWERING

www.roman-showers.com

July
2022

At the heart of Roman is the desire to be the best.

It is Roman's vision to lead and innovate in the Showering industry.

To design and manufacture top quality inspirational showering solutions,
which offers choice for all markets.

To expertly manufacture our products in Britain, so they are designed
and built to last and offer a lifetime of effortless showering for all. It is our
aim to give all our customers exceptional value and service; this ethos
runs throughout the culture of the business and cannot be imitated.

We are now certified as Carbon Neutral and we will constantly strive to
further improve and enhance our environmental impact.

“ Great brands always balance
identity, integrity and efficiency ”

- Matteo Ferrara

Who we are

ROMAN has been designing and manufacturing showering solutions for over 36 years, and is home to the UK's largest shower manufacturing plant. All Roman products are designed and created in Britain, offering the ultimate in quality, precision and craftsmanship. Roman's diverse and versatile collection of products encompasses something for every style and shape bathroom – no matter what the budget.

Highest Quality Materials

Roman only use the finest quality of materials to guarantee unsurpassed quality and certainty in our manufacturing process, ensuring all of our products reach exceptional levels of style and performance. We carefully fabricate and anodise all our aluminium profiles. We use aluminium because it is; light, strong and requires minimal maintenance. The anodising process increases corrosion resistance, product durability and further enhances the material properties. Our specialist anodising offers a bright chrome like finish which is significantly in excess of standard aluminium finishing.

Roman Stone shower trays are manufactured from solid surface and are inherently anti-slip and carry the highest national standard of DIN. Roman's Anti-Slip shower trays combine luxury and durability and add value to the shower tray market.

Glass

All our enclosures feature toughened safety glass. This is a heat treatment to increase the glass strength to make it around 5 times stronger than normal glass. If the glass were to break due to impact, it would shatter into lots of small pieces which are much less dangerous and will help you avoid any cuts or injury. All glass is strictly tested in accordance with EN14428

Products Designed for All

Innovation and exceptional product design differentiates Roman from the competition. Our products are carefully designed for all. We consider different users' needs to give totally effortless entry to the entire family. Whether you would like door-less entry, level access, handles that can be used with a flat hand, or a wider aperture, we have something that will work with your space all finished with a stylish designer look.

Customer Service

Roman has an in-house customer support network, who are there to offer advice and support for each purchase at every stage; from initial enquiry through to after sales care advice. Roman employs over 20 full time members of staff in our Customer Support Centre and over 40 Technical Service Representatives nationwide who all receive comprehensive training on the manufacture and installation of Roman's collection of products.

Branding

Roman is a reputable and well established UK Brand, now supplying showering products all over the World. Our foundations are strongly rooted in; innovative design, manufacture, quality and customer service. Roman has achieved the leading position in the Market place by consistent and creative product innovation and has produced growth across all UK Market sectors and strong growth in 60 International Markets. Our products are used in some of the finest hotels Worldwide.

Award Winning

Manufacturing & Innovation

Our products and ranges have won multiple awards including The Queens Award for Enterprise - International Trade, in 2017 and again in 2022..

We have also been identified as one of London Stock Exchange's 1000 Companies to Inspire Britain. We are extremely proud to be recognised as one of the UK's fastest growing and most dynamic small and medium sized businesses.

Roman is included in the FT1000, which is the list of Europe's Fastest Growing Companies, compiled by the Financial Times. We have also been awarded the Bathroom Safety Compliance Award 2018 by the NHIC.

Winner of the Bathroom Manufacturer Association
Circular Economy Award November 2021

Trust

Buy with Confidence

All Roman products are designed and created in the UK, offering the ultimate in quality, precision and craftsmanship. All Roman's manufacturing processes are carried out at our UK Manufacturing Plant and Headquarters and meet and exceed approved UK and European testing standards.

For complete peace of mind, all Roman Shower Enclosures and Bath Screens are accompanied by a fully service backed Truelife Lifetime Guarantee.

Inspiration

Helping you to design your bathroom

Roman products are available on the Virtual Worlds design service. For more information contact Roman Customer Relations 01325 328033

For project applications Roman products are available as a BIM file download from: www.roman-showers/available-downloads.com

Making your product selection easier. Roman products are available on EQ software. For more information contact Customer Relations on 01325 328033.

Protection

All glass pre-coated

All Roman's enclosures and bath screens are pre-coated with Roman Ultra Care, our own unique glass protection system. (For full details see page 119)

All Roman products are designed and manufactured to present easy cleaning ability to ensure your Roman showering experience lasts for many years.

Pricing - VAT is calculated at 20% rate.

Roman have an ongoing policy of design, development and improvement and thus reserve the right to modify specification, ranges and prices without prior notice. Images are for illustration purposes only - please refer to your retailer as site conditions will vary or contact Roman Customer Relations on 01325 328033 for installation specifications.

Door Styles

Quadrant

The Quadrant shaped enclosure will sit beautifully in the corner of your bathroom, making it an ideal solution for the smaller bathroom. It incorporates unobtrusive sliding doors.

Sliding Door

The sliding door action offers wide and easy access, with no protrusion into the bathroom or showering area.

Neo-Angle

This flexible design allows for inward or outward opening door entry. It presents a unique footprint, to work around existing fixtures and fittings.

Bi-Fold Door

Inward opening door presents a flexible space saving solution. Avoids existing fixtures and fittings in the bathroom area.

Pivot Doors

Outward opening door, takes up minimal external space due to the positioning of the hinge point, meaning it protrudes less into the bathroom space.

Hinged Doors

Smooth outward opening door, featuring soft self-close hinges for a superior finish.

Frameless Collection

A distinctive collection, encompassing both minimalist frameless and industrial style framed Shower Enclosures.

The Innov8 Range encapsulates industrial chic with an elegant twist.

Innov8 Enclosures lead the way in minimal, inclusive and stylish design trends - presenting a refined collection.

The distinguished range is available in Silver Chrome, Matt Black and Brushed Brass finish, on all hardware.

Innov8's outstanding differential is the low threshold (reduced height of bottom rail), allowing level entry access into the shower enclosure. The elimination of the top rail and profiles on the hinged doors (when configured with a side or in-line panel) and the low threshold, combines the minimalist styling, whilst still retaining the water integrity and adjustments of a standard shower enclosure.

The minimalist nature of the product means if the shower head is directed at seal and component interfaces, some water may escape from the showering area. The product will perform as intended under normal showering conditions.

The new fast fix assembly allows a quick and easy installation with minimal labour required.

Semi-Frameless Collection

Imaginative, urbane and innovative showering solutions designed to maximise space.

Our Embrace Collection brings together an innovative and stylish collection of shower enclosures and wetroom panels offering high performance and design benefits at an extremely competitive price. This exclusive range is available in an array of styles and shapes with bi-fold, hinged, quadrant, pivot, sliding doors and bath screens.

Specifications:

- All models feature exquisite chromed hardware and concealed fittings.
- All enclosures in the range are fully approved for use with power showers.
- Models that feature handle entry, present an elegant ergonomic bolt through handle which can be operated from inside and outside the unit.
- All Embrace enclosures and bath screens are supplied pre-coated with Roman Ultra Care - to aid glass protection from day one.

The new fast fix assembly allows a quick and easy installation with minimal labour required.

Wetrooms

Roman provides a number of different styles of bracing bars, which can be used with 8mm and 10mm glass thicknesses. We offer all configurations that may be required and they can be cut and trimmed to the size required during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place.

We have something to suit the enclosure style, your bathroom area and your preference, to present the highest level of stability.

Our Square brace bars are now available in Black, Chrome, Brushed Nickel or Brushed Brass.

Infinity Trays

Level Access Installation

Our Infinity Trays offer a breakthrough in technology as they can be installed straight to joists so that once the floor tiles are laid it creates level entry access into the shower area. Manufactured from Roman Stone, the Infinity Trays are strong and durable. This product provides the added reassurance of a tray, with the minimalist design and level access of a wetroom. The waste is suitable for power shower systems and carries away 25 litres of water per minute.

Features and Benefits

Ultra low profile 40mm nominal height

Gloss or Matt* finish available in white

Manufactured using Roman Stone Solid Surface Technology

One angle of slope to waste to maximise flow rating

Fast flow waste included, fully concealed with solid surface cover piece

Due to the nature of the product water integrity cannot be guaranteed when fitting with a wetroom panel. Please consult your installer

Lumin8 Mini Fixed Bath Screen

Lumin8 Mini Fixed Screen with Curved Rail V8CC213S

Curved Rail

V8CC113S - The Mini-Fixed Screen complements an existing curtain rail installation and reduces splashing around the back of the curtain and water see page along the top end of the bath.

V8CC213S - The Mini-Fixed Screen complete with curtain rail (no curtain included) and wall attachments ensures a watertight shield to retain water in the bath. The curtain is held in place at the top and is less likely to allow water leakage out of the bath area. Rail length to suit 1700mm bath maximum.

“ If you do it right, it will last forever. ”

- Massimo Vignelli

Black Grid Mirrors

Our bold industrial style window mirrors will make a statement in any room. These mirrors encapsulate factory chic with an elegant twist presenting a fabulous accent for the industrial trend. The mirrors feature printed glass and are suitable to be used in any room including bathrooms. The mirrors are made with 6mm safety glass.

Cleaning and care guidance:

Treat them like any other mirrored surface, use a lint free cloth and a purposely manufactured cleaning agent, designed for mirrors. Don't use anything abrasive.

Glass Protection

“ The ultimate Bathroom Protector on glass ”

All Roman's enclosures and bath screens are pre-coated with Roman Ultra Care, our own unique glass protection system. Pre-coated glass protection systems will always diminish in their effectiveness over time, depending on how often the shower is used and how often it is cleaned. Unlike other systems, Roman Ultra Care in a bottle can be used in tandem with the pre-coat to build up the effectiveness and make it stronger the more you clean. Roman Ultra Care is an award winning bathroom protector and has a 15 year track record for successfully protecting Roman's extensive product range. When applied to the glass of an enclosure or bath screen it creates a chemical barrier which provides protection against the build-up of grime, limescale and stains. The protective barrier means water glides off the glass with ease. This results in the protected surface remaining easy to clean by simply applying a mild detergent and wiping with a damp cloth or using a Roman Shower Blade. By topping up the glass protection system with Roman Ultra Care in a bottle every time you clean, you can significantly reduce the amount of time required to clean your enclosure and bathroom surfaces. Most importantly, you can considerably prolong the life of your Roman product and at the same time do your bit for the environment by eliminating the use of harsh and damaging cleaning products.

RUC03 - 750ml Bottle Code

Buy online at www.romanathome.com

Make cleaning your bathroom easy with our

Shower, Tile and Bath Restoration and Maintenance Kit

RUC14 - Kit code

3 Step System includes:

Ultra Scrub
Surface Stain Cleanser
Designed to effectively and easily clean your bathroom surfaces, including Glass, Porcelain, Ceramics and other hard surfaces. Developed to remove the build-up of minerals, rust, soaps, oils and limescale but without damaging the surface.

Ultra Shield
Glass and Surface Stain Cleanser
Formulated to clean and protect. Ultra Shield can be used on your bathroom surfaces to create a water, soil and stain repellent barrier coating which prevents water, soil and grime from sticking for easier cleaning. This barrier is renewed with each use.

Ultra Care
Glass and Surface Protector
For a long lasting sparkle on bathroom and shower surfaces. Ultra Care is the ultimate surface protector that repels the build-up. Also available in large bottle for ongoing aftercare.

Restore discoloured glass and maintain the sparkle of your bathroom

Clean and protect your shower in minutes

Eliminates hard water and soap scum build-up

Environmental Objectives

“ Sustainable development is development which meets the needs of the present without compromising the ability of future generations to meet their own needs ”

The Brundtland Commission,
Our Common Future 1987

Roman has a huge commitment throughout the business to environmental targets, recycling, sustainable materials and sustainable business practices. As British manufacturers, Roman are increasingly focussed on environmental credentials and have a strong focus on the Circular Economy - with the ultimate aim of becoming carbon neutral. Every piece of aluminium is already 100% recycled before use, and all packaging is 100% recyclable before and after use. The benefit of working with solid surface material is any waste can be reground into the original material.

Roman has three core environmental objectives:

1. Reduce energy consumed as a direct proportion of business activity.
2. Increase the proportion of recycled waste.
3. Reduce and if possible eliminate any harmful emissions, discharges or pollutants generated by the business activity.

Roman is constantly working with our suppliers to maximise the use of recycled materials. The principles of the circular economy are embedded in all of our design and purchasing policies and plans. All Roman's aluminium and packaging is manufactured using 100% recycled material before we use it in our manufacturing process. All other materials used in the manufacturing of our products are also at high levels of recycled material. Our packaging is fully environmentally friendly with no wood or polystyrene used and is therefore itself 100% recyclable.

93% OF ALL WASTE IS RECYCLED

LANDFILL REDUCED **7%** OF TOTAL WASTE GENERATED

ALL WASTE IS SEGREGATED INTO RECYCLABLES & NON-RECYCLABLES

* Manufacturing Headquarters,
Durham

We worked with the Carbon Trust during 2021 in accordance with ISO 14064-3, and we are incredibly proud Roman met the requirements under PAS 2060 after our emissions and operations at our headquarters in County Durham were certified as carbon neutral.

www.carbontrust.com

We are a Participant of the United Nations Global Compact, a call to companies everywhere to align their strategies and operations with Ten Principles in the areas of human rights, labour, environment, and anti-corruption.

www.unglobalcompact.org

We were delighted to win the 'Circular Economy Award' at the Bathroom Manufacturers Association's inaugural Sustainability Awards on the 23rd November 2021, which recognises Roman's continued efforts to make an impact and improve sustainability.

www.bathroom-association.org.uk

We are proud to support the #TerraCarta from HRH The Prince of Wales' Sustainable Markets Initiative.

The Terra Carta provides a roadmap to 2030 for businesses to move towards an ambitious and sustainable future; one that will harness the power of Nature combined with the transformative power, innovation and resources of the private sector.

The global business proposition outlines ten areas for action and comprises of nearly 100 actions for business as the basis of a recovery plan that puts Nature, People and Planet at the heart of global value creation.

Find out more at: www.sustainable-markets.org/terra-carta

Company Vehicles are being updated to Hybrid or full electric (CO₂ emissions between 0-49 kgs per km) throughout the course of the next 2 years. All other vehicles are Euro 6 compliant.

Within our company car fleet we have 7 Hybrid vehicles and one full electric, we have invested heavily in electric point charging at our head office.

Overall company CO₂ reduction since 2016 is 40%.

EMS 523823

Roman Ltd Environmental Plan has reached all required business environmental management plans to achieve 14001 certification

This brochure is printed on material made from well-managed, FSC®-certified forests and other controlled sources.

Recycling your product

Packaging

As an ISO14001 Registered Company, Roman takes recycling very seriously at all levels. All cardboard is already manufactured from recycled paper, but our packaging itself is designed for recycling. Please ensure that the cardboard packaging is taken to a local cardboard recycling point or to a local recycling depot.

End of Life (EOL)

EOL recycling is taken into account from the initial design stages to ensure all aspects of the Roman products can be recycled for future use. The Aluminium, Brass Alloys, Glass (and Solid Surface Material with Roman Stone Trays) can be easily recycled at your local Licensed Recycling Centre (LRC). If you are unable to access an LRC, then Roman can arrange to coordinate a pick-up of your product for a modest transport charge.

Roman's Bespoke Service allows you to build a made to measure shower enclosure, wetroom panel or bath screen, to perfectly suit your available space.

Roman offers a Bespoke Service on many of our products. So if you are looking to install a shower enclosure into an awkward or unusual space, we have the perfect solution. Roman's Bespoke Service allows you to tailor the height and width of your product, we have the option of clear, frosted or printed glass. Glass can be cut at an angle or shaped, for example angled glass can allow for a sloping roof, to make adding a showering facility to a loft conversion or under your stairs, easy.

Innov8 Pivot Door with bespoke frosted glass adding privacy to your showering experience

- Made to measure items which fit almost anywhere
- All products made in accordance with your own measurements
- We endeavour to provide fast and efficient answers to all your questions
- Cost effective solutions
- Many designs to suit all tastes
- Measure and fit service available

Bespoke Services available:

- Reduced height
- Reduced width
- Clear, frosted or printed glass
- Angled/Shaped glass

To order a Bespoke Service all you have to do is simply choose which product you would like, then follow these six easy steps:

1. Take your drawings to your nearest retailer who will fax them to Roman. For your nearest retailer contact Roman Customer Relations on 01325 328033 or visit www.roman-showers.com
2. Roman will then send a quotation to your retailer for them to discuss with you
3. If you are happy with this quotation Roman will produce a drawing to illustrate what your final product will look like. Note: Roman will make all drawings in accordance to your measurements and unless otherwise requested, an adjustment allowance will be included. Please specify your adjustment allowance prior to ordering.
4. Roman will then fax the drawing to your retailer who will pass this on to you. This drawing will be in the form of a fax back agreement for you to sign*.
5. Once Roman receives the agreement work will begin on your product.
6. You will receive your product within 5-6 weeks.

*Once this agreement is signed you will be liable for any changes should you cancel your order.

For full pricing details and ordering process please go to:

www.roman-showers.com/roman-customers/available-downloads/

Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on www.roman-showers.com)

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

As per government guidelines Roman are actively preparing to apply the new UK CA Mark for any newly manufactured products from the 1st January 2021.

The UKCA (UK Conformity Assessed) marking is a new UK product marking that will be used for goods being placed on the market in Great Britain (England, Wales and Scotland). It covers most goods which previously required the CE marking.

Please note: this will only apply to any new products manufactured from 1st January 2021, any products held in stock will still be able to display the CE mark.

Additionally all Roman trays fully conform to EN14527:2016.

Important Product Details

- Enclosures and screens carry a Lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Roman Products.
- Roman products are available for Virtual Worlds design service. For more information contact Roman Customer Relations on 01325 328033.
- Any guarantee variations are indicated separately.
- All guarantee forms supplied with installation instructions must be completed and returned to Roman within 60 days to validate the lifetime guarantee otherwise only a statutory 12 month guarantee will apply.
- All Roman Bath Screens and Enclosures are manufactured using toughened safety glass which complies to BSEN12150.
- All Roman Bath Screens and Enclosures are tested in accordance with BSEN14428 - shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and both screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for enclosures and bath screens are from the top of the shower tray or bath.
- All fixings are hidden on Roman products.
- The term "Silver" and "Nickel" describes the colour of the aluminium finish. No silver metal is included in any Roman products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Roman products.
- All seals and gaskets on Roman products are manufactured from colourless PVC.
- Roman over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- Roman recommends only the use of Roman Trays with Roman Shower Enclosures.
- For compatibility of Roman enclosures with steam generators please contact Roman Customer Relations for advice on 01325 328033.
- Where indicated that products are suitable for use with steam generators, this refers to the performance of the product components. We do not however suggest that the product will have complete steam integrity.
- Due to the nature of wetroom panel products, water integrity cannot be guaranteed. Please consult your installer.
- We make every effort to ensure that your product reaches you in perfect condition. However, please be advised that all toughened glass panels are not covered by our guarantee if installed incorrectly or are subject to misuse. Roman's toughened glass is physically and thermally stronger than standard glass. However any significant impact may cause the glass to shatter in as safe a manner as possible and in accordance with the British and European standard (BS EN14428).

Guarantee

Roman Ltd. guarantees all Shower Enclosures, Bath Screens and Roman Solid Surface Trays against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions. All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise, Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted/installed in accordance with Roman Ltd. fixing instructions, local bylaws and general good plumbing practice
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure. Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition. Callouts may be chargeable depending upon circumstances.

Should any products included in the Lifetime guarantee be used for Commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable. If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd. will endeavour to replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only. Should Roman Ltd. carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred. The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This Guarantee, which is effective for products purchased after February 1st 2006, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.

Roman products not included in the Lifetime Guarantee are Roman Acrylic Trays which are covered for 1 year.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis. Commercial projects with specific guarantee requirements can be subject to negotiation and agreement on a project by project basis. Any such agreements must be confirmed in writing prior to product supply or commencement in project works.

This guarantee does not affect your statutory rights.

This guarantee is wholly applicable in the U.K. and Republic of Ireland - export conditions as indicated
