There are very few moving components within a Kitchen, therefore it makes perfect sense to include the very best fittings to ensure your kitchen operates as well in twenty years time, as it does the day it is installed.

This is why our kitchens offer Blum fittings as standard.

Blum are widely regarded as manufacturing the best, most innovative kitchen fittings within the industry. Founded in 1952 in Austria, Blum has grown into a €1.8 billion business trading in more than 120 countries around the world.

Blum are masters of engineering, to such an extent that their products are ultra-reliable, hence the lifetime warranty they place upon their fittings.
