Big Brand Distribution

# The Big Brand Book

July - September 2021

## What's new for quarter 3?

To make it easier to match products we've now aligned the aesthetics in the Bosch, Hotpoint and NEFF sections to make pairing built in cooking and compact products easier.

Smeg have implemented a change to their pricing structure - all prices are shown as SSP ex VAT. Call your Area Sales Manager or visit the Swift Store at [swiftuk.co.uk](http://swiftuk.co.uk) to obtain your trade pricing.

Swift are now offering great deals on all Franke hoods. Ask your area sales manager for display terms to obtain preferential buying prices.

**Big Brand Distribution - only from Swift**

## Contents

<b>NEW</b> • Falcon	R		197
<b>NEW</b> • Mercury	R		197
• Smeg	B R	S F	200
• Whirlpool	B	F	223

### Understanding your pricing

To help you use this price guide in your showroom we list Suggested Selling Prices followed by your buying price.

eg. **£300.00** STP19500 (example shows £300.00 suggested selling and your cost £195.00)

Suggested brand margin can be also found at the bottom of the page e.g. **35** and should be read as a percentage.

All pricing excludes VAT.

# Delivery Schedule

Your guide to our dynamic delivery system

## WHEN WILL I GET MY ORDER?

Order Day	Delivery Day
Monday or Tuesday	Wednesday, Thursday or Friday
Wednesday or Thursday	Monday, Tuesday or Wednesday
Friday	Wednesday, Thursday or Friday

## HOW IT WORKS...

## KEEPING YOU INFORMED

As soon as your delivery is scheduled, we will confirm delivery day and time slot by SMS

Do we have your correct mobile number?

Let our sales desk know the best way to keep you updated.

## LOCAL DELIVERY

If you are in the CW, SK or ST postcode area Swift are now providing 48 hour\* delivery on all in stock products.

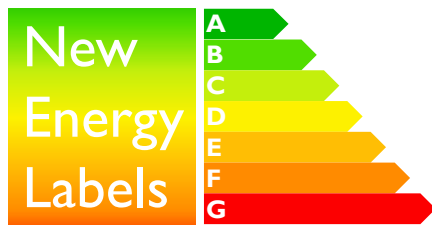

\* 48 hour delivery is from Monday - Friday and is based on businesses being able to receive delivery on an agreed day.

Swift Trade Counter (for pre-ordered goods)  
Open Monday to Friday 8:30 - 4:30

Monarch Works, Elswick Road  
Fenton Industrial Estate  
Fenton, Stoke on Trent, ST4 2SH

# Your easy Guide to the new Energy Labelling

effective 1st March 2021

- Applies to dishwashers, washing machines, washer dryers, fridge freezers and wine coolers
- Has been rescaled to a simplified A to G so that consumers can easily compare products.
- A+++ / A+ will no longer exist
- A QR-Code, in the upper right corner, will allow you to access useful product information by scanning the code with a smartphone.
- Energy consumption of the model now more prominently on the label.
- All products will be awarded a rating for noise from A-D.
- Some information pictograms on the bottom of the label showing product features will be the same as in the old label, a few are new or have been adapted.

**ENERGY**

SUPPLIER'S NAME MODEL IDENTIFIER

**A**  
**B**  
**C**  
**D**  
**E**  
**F**  
**G**

**Y,Z kg** **X:YZ** **XY**

**ABCDEF G** **XY dB**  
**ABCD**

Example Washing Machine Label

## Pictograms Explained

All appliances have an overall energy consumption (per 100 cycles in laundry and dishwashing / annual in cooling)

### All Appliances

Airborne acoustical noise emissions (db(A)) and noise emission class

### Laundry and Dishwashing

Water Consumption per cycle

Duration of Eco-programme (or individual Wash & Wash/Dry cycles in Washer Dryers)

### Laundry

Rated Capacity for the Eco-Cycle (or individual Wash & Wash/Dry cycles in Washer Dryers)

Spin Drying Efficiency Class

### Dishwashing

Rated Capacity in standard place settings for the Eco-programme

### Refrigeration

Sum of Volumes of Frozen compartments (L)

Sum of Volumes of Chill and unfrozen compartments (L)

### Wine Coolers

Number of Standard Wine Bottles that can be stored

NEW FOR 2021

# New Product Feature

# The EverydaySafe™

THE ACCESSIBLE, CONCEALED AND INNOVATIVE SAFE FOR THE KITCHEN

### FAST ACCESS

Open your safe in a few seconds via the fingerprint scanner or smartphone app, allowing you to deposit or retrieve your valuables quickly and safely.

### CONCEALED

Designed to be built into a range of furniture options, the EverydaySafe™ is hidden to everyone but you and selected users that you authorise.

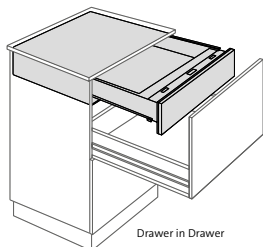

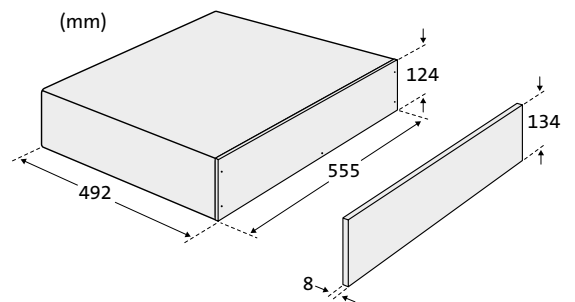

### SHIELDED

Faraday functionality that protects against keyless car theft (relay attacks) and contactless credit card fraud.

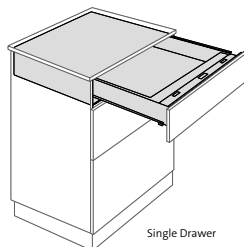

## EASY INSTALLATION

### STANDARD KITCHEN MEASUREMENTS

The EverydaySafe™ is designed to fit into any standard kitchen cabinet. The minimum inner cabinet dimensions required to install the EverydaySafe™ are: W 561 × D 500 × H 134mm.

Drawer in Drawer

Single Drawer

### RETROFIT CAPABILITIES

THE EverydaySafe also has Retrofit capability allowing you to re-engage with past customers.

Model No: EDS10W

£832.50 STP062438

Swift are proud to be the exclusive sector distribution partner for The EverydaySafe

**Chubb safes**  
Trusted the world over.

## Welcome to 4lite

Pendants, Downlights, Lanterns, Floodlights, and more, there's plenty to choose from.

4lite is built upon 25 years of experience. We know our industry, how it's become what it is today and where the trends to the future lead. We have facilities around the world, dedicated to the best research, tools, and resources needed to be an industry leader.

# 4LITE ICON GUIDE

## FEATURES

**WARRANTY**  
Please consult our website for all warranty information  
[www.4liteuk.com](http://www.4liteuk.com)

**FIRE RATING**  
This product is fully tested for 30, 60 and 90 minute ceiling types to meet Part B of Building Regulations

**BLUETOOTH**  
This product is bluetooth enabled and can be controlled using a smart device

**IP65**

**IP65 INGRESS PROTECTION**  
This product achieves full IP65 ingress protection rating

**DIMMABLE**  
This product is dimmable

**WIFI**  
This product is WiFi enabled and can be controlled using a smart device

**AC LED**  
This product utilises AC alternating current

**SOLAR**  
This product utilises solar powered batteries

**USB**  
This product utilises batteries and is charged using USB 2.0

## COMPLIANCE

**PART C**  
This product is fully tested to meet Part C of Building Regulations (resistance to contaminants and moisture)

**PART E**  
This product is fully tested to meet Part E of Building Regulations (resistance to sound)

**CIRCULAR HOLE CUT OUT**  
This product will require the specified hole cut-out size in the ceiling for installation

## SPECIFICATION

**CLASS I**  
This product has an earth connection

**CLASS II**  
This product has double insulation

**CLASS III**  
This product has Supply of Safety Extra Low Voltage (SELV)

**ZONE 1**  
This product is compatible for use in bathroom zone 1 BSEN7671:2008

**ZONE 2**  
This product is compatible for use in bathroom zone 2 BSEN7671:2008

**BEAM ANGLE**  
The beam angle achieved by the specified product

**GU10**  
This product will use a GU10 lamp

**E27**  
This product will use a E27 lamp

**PIR SENSOR**  
This product has an integral PIR sensor

**RGB LED**  
This product can be programmed to use red, green and blue LED light

**COLOUR RENDERING INDEX (CRI)**  
The colour rendering index of the specified product

**CE MARK**  
This product complies to the European Community Conformity

ELEVATOR

Pop Up Socket - 1 x UK-3 pin + 2 x 2.1A USB ports

ELEVATOR fits perfectly in any setting. With a diameter of 79 mm, ELEVATOR is ideal for integrating power and data connections in tiny spaces. Simply press down with your finger to raise and lower ELEVATOR.

Installation is incredibly simple. ELEVATOR is placed in a cut-out 79 mm in diameter and secured to the furniture using a lock ring.

928.021 - Elevator Pop up Socket

£119.12 STP007743

Optional ELEVATOR COVER

With a housing for mounting inside the cabinet, ELEVATOR COVER holds all ELEVATORS perfectly. ELEVATOR can be raised as usual with one press of the thumb and provides up to three sockets in a very small space. After use, ELEVATOR disappears back into the ELEVATOR COVER.

928.902 - Optional cover box

£31.60 STP002054

## Smith's Environmental Products

The Space Saver plinth heater from Smith's brings efficient, controllable heating to areas where space is limited.

- Install in the 'dead' space under kitchen or similar-type units, creating space for extra work surfaces, more storage, and freeing space for additional appliances
- Very low water content for higher efficiency than radiator or under-floor heating
- Two heat outputs and fan only option for instant heat and cool air circulation
- All Smith's Heaters are now supplied with a Brushed Steel finish as standard
- Wide choice of grille colours to suit interior decoration

Model	Room Size (m³)	Output @ 80°C Normal (btu/h)	Output @ 80°C Boost (btu/h)	Normal dBA	Boost dBA	Price (£)

		Premium door furniture with glass base - and satin finish	Freezer berry tray
		LED Freezer Compartment Lighting	OpenStage Drawers (Larder only)*
		Ice cube tray with lid	
		Ice maker*	

## Innovative Features

### Smart Steel

SmartSteel on the inside door and rear wall gives your Liebherr a stylish look and feel. The food will also love SmartSteel as stainless steel is food-safe and hygienic.

### HydroBreeze

The cold mist combined with a temperature in the safe of around 0 °C gives food that extra boost for longer shelf life. And it creates a genuine visual wow effect.

### Infinity Spring

The water dispenser enables drip-free water dispensing and provides fresh, cold water. Simply press the panel with the carafe or glass, and enjoy the water.

### Light Tower

All of the fridge is illuminated at all times. The flush mounting of the Light Tower in the side walls means there is also more space for the food.

### LED IceMaker

The IceMaker lighting coolly places your ice cubes centre stage. The LED lighting activates automatically when the door is opened.

### Soft Telescopic

The telescopic rails slide the safe gently forwards. And because these extend fully, you have the best overview of the contents.

# LIEBHERR

Liebherr have introduced a new selection of stunning integrated fridges and fridge freezers to their already extensive range

Split across 4 'value classes' these models are packed with inspirational features including the beautiful HydroBreeze 'cold mist' and the clean, subtle elegance of the Infinity Spring.

See opposite for more information on these great new value classes.

**Bio Fresh**

In the BioFresh compartments food retains its healthy vitamins, aroma and appetising appearance significantly longer than in a conventional fridge. Through its advanced technology the temperature is accurately kept at just above 0°C.

**No Frost**

The NoFrost system from Liebherr provides rapid, fan-assisted, frost-free freezing for the safe, longterm storage of food. The NoFrost technology creates a much larger storage capacity and keeps the freezer constantly frost-free.

**Smart Frost**

Compared to other static freezers, Liebherr's SmartFrost technology freezes food faster, and reduces ice build-up, making defrosting simpler and quicker. It also provides a more flexible storage area with greater capacity and improved energy consumption for lower running costs.

**Duo Cooling**

Accurate and independent temperature control of the fridge and freezer compartments is facilitated by DuoCooling: two separately adjustable cooling circuits. There is no air exchange between the fridge and freezer compartment, so that odours cannot be transferred and the stored food is prevented from drying out.

## Built In Fridge Freezers

Aperture Dimensions: H x W (cm)

**Easy Fresh** **The new name for Bio Cool**

The guarantee of market freshness in the home is Liebherr's EasyFresh-Safe. Whether it's unpackaged vegetables or fruit, this ensures optimal storage for everything. Thanks to the air-tight closure, the food causes the humidity in the safe to rise. This keeps the food fresh for a long time.

### Easy Fresh

The humidity level inside the EasyFresh-safe can be regulated using a slider control so that the freshness of fruit and vegetables stored in the refrigerator compartment can be preserved for longer.

### Soft System

The SoftSystem closing damping is comfortable and highly practical in everyday use. When the door is closed, the SoftSystem integrated in the door damps the movement and ensures particularly soft closing even when the door interior is fully loaded. On built-in devices the door closes automatically from an opening angle of around 30°.

### Ice Maker

The plumbed-in IceMaker automatically keeps you topped up with the finest quality ice cubes so that you are prepared for every occasion. Whether you want some ice for a refreshing drink or for a big party with friends, with two generous drawers, the IceMaker will supply all the ice cubes you'll need. Furthermore, it can be switched off at any time, as required.

### Soft Telescopic

All BioFresh safes and pull-out compartments fitted with SoftTelescopic feature a convenient self-retracting system with gentle SoftSystem, making everyday use practical and safe. They can be completely pulled out and removed even at a door opening angle of 90°.

### Bio Cool

The humidity level inside the BioCool-Box can be regulated using a slider control so that the freshness of fruit and vegetables stored in the refrigerator compartment can be preserved for longer.

### Soft System

The SoftSystem closing damping is comfortable and highly practical in everyday use. When the door is closed, the SoftSystem integrated in the door damps the movement and ensures particularly soft closing even when the door interior is fully loaded. On built-in devices the door closes automatically from an opening angle of around 30°.

### Ice Maker

The plumbed-in IceMaker automatically keeps you topped up with the finest quality ice cubes so that you are prepared for every occasion. Whether you want some ice for a refreshing drink or for a big party with friends, with two generous drawers, the IceMaker will supply all the ice cubes you'll need. Furthermore, it can be switched off at any time, as required.

### Soft Telescopic

All BioFresh safes and pull-out compartments fitted with SoftTelescopic feature a convenient self-retracting system with gentle SoftSystem, making everyday use practical and safe. They can be completely pulled out and removed even at a door opening angle of 90°.

The plumbed-in IceMaker automatically keeps you topped up with the finest quality ice cubes so that you are prepared for every occasion. Whether you want some ice for a refreshing drink or for a big party with friends, with two generous drawers, the IceMaker will supply all the ice cubes you'll need. Furthermore, it can be switched off at any time, as required.

**No Frost**

The NoFrost system from Liebherr provides rapid, fan-assisted, frost-free freezing for the safe, longterm storage of food. The NoFrost technology creates a much larger storage capacity and keeps the freezer constantly frost-free.

**Smart Frost**

Compared to other static freezers, Liebherr's SmartFrost technology freezes food faster, and reduces ice build-up, making defrosting simpler and quicker. It also provides a more flexible storage area with greater capacity and improved energy consumption for lower running costs.

**LED**

LED lighting is compactly positioned above the freezer drawers to provide an optimum view of all stored food and to ensure that opened freezer drawers are perfectly illuminated.

**LiftUp-Box**

The LiftUp-Box allows you to fully utilise the storage space below the pull-out drawer. It is ergonomically attached, easy to take out and can hold up to 4 kg. When pulled out, the LiftUp-Box pushes up out of the base recess, allowing the food to be removed easily.

**Soft System**

The SoftSystem closing damping is comfortable and highly practical in everyday use. When the door is closed, the SoftSystem integrated in the door damps the movement and ensures particularly soft closing even when the door interior is fully loaded. On built-in devices the door closes automatically from an opening angle of around 30°.

**Smart Frost**

Compared to other static freezers, Liebherr's SmartFrost technology freezes food faster, and reduces ice build-up, making defrosting simpler and quicker. It also provides a more flexible storage area with greater capacity and improved energy consumption for lower running costs.

**Bio Fresh**

In the BioFresh compartments food retains its healthy vitamins, aroma and appetising appearance significantly longer than in a conventional fridge. Through its advanced technology the temperature is accurately kept at just above 0°C.

The Vinidor appliances are equipped with solid wooden shelves mounted on telescopic rails. The handcrafted shelves made from untreated wood are ideal for storing Bordeaux bottles safely, providing a clear view and easy access. The clip-on labelling system provides a quick and clear overview of your wine store.

The audible door alarm alerts the user if the door has been open for longer than 60 seconds for safe protection of the food.

TipOpen technology opens the glazed door 7 cm when tapped and, if the door is not opened further within three seconds, the soft-closing system will shut it again.

The child lock is programmed so as to prevent the appliance being inadvertently switched off. A symbol in the MagicEye indicates when the child lock is switched on.

### Tip Open

TipOpen technology opens the glazed door 7 cm when tapped and, if the door is not opened further within three seconds, the soft-closing system will shut it again.

### Soft System

The SoftSystem closing damping is comfortable and highly practical in everyday use. When the door is closed, the SoftSystem integrated in the door damps the movement and ensures particularly soft closing even when the door interior is fully loaded. On built-in devices the door closes automatically from an opening angle of around 30°.

### LED

The innovative LED lighting guarantees the even illumination of the interior without UV exposure. Since minimal heat is generated by the LEDs, wines can be presented bathed in light over a prolonged period of time.

Constant storage temperatures are required to allow wines to mature to perfection. The ideal temperature for maturing is the same for all wines, whether red or white, and lies between +10°C and +12°C. The precision electronic control system combined with state-of-the-art climate technology ensures that the set temperatures in the interior are continuously maintained, even when the ambient temperature is subject to severe fluctuations.

Liebherr Mix and Match Food and Wine Centres

Thanks to heated panels many Liebherr built-in appliances can be positioned next to or on top of one another. This enables you to create your very own mix and match food and wine storage centre made up of from fridge-freezers, fridges, freezers and wine cabinets. All appliances labelled 'side-by-side' act as a starting point for possible combinations for optimising your personal storage requirements and perfect integration into your kitchen.

This allows you to enjoy all the benefits of Liebherr appliances in one place: BioFresh for food that lasts even longer, wines at the perfect drinking and storage temperatures, a large fridge compartment and the frost-free convenience of a NoFrost freezer.

### Bio Fresh Plus

BioFresh-Plus with separate electronics provides even more flexibility for individual grocery storage: For example, the temperature in the top compartment can be lowered to -2 °C to store fish. In combination with the DrySafe setting, this keeps fish and seafood fresh for even longer.

### Ice Maker

The plumbed-in IceMaker automatically keeps you topped up with the finest quality ice cubes so that you are prepared for every occasion. Whether you want some ice for a refreshing drink or for a big party with friends, with two generous drawers, the IceMaker will supply all the ice cubes you'll need. Furthermore, it can be switched off at any time, as required.

### Soft System

The SoftSystem closing damping is comfortable and highly practical in everyday use. When the door is closed, the SoftSystem integrated in the door damps the movement and ensures particularly soft closing even when the door interior is fully loaded. On built-in devices the door closes automatically from an opening angle of around 30°.

### Soft Telescopic

All BioFresh safes and pull-out compartments fitted with SoftTelescopic feature a convenient self-retracting system with gentle SoftSystem, making everyday use practical and safe. They can be completely pulled out and removed even at a door opening angle of 90°.

### Soft Telescopic

Fully extendable drawers run on telescopic rails and feature a convenient self-retraction mechanism with soft-closing. Drawers are easy to open and can be completely removed from a door opening angle of 90°C

### LED

Innovative lighting concept  
Energy saving lighting that generates little heat  
Incorporated as a lighting column, an integrated ceiling light or a side light, depending on the model

### Telescopic Rails

Drawers are set on high quality, smooth running telescopic rails for reliable and secure opening and closing  
Convenient removal of entire drawer from a door opening angle of 90°

### Wine

Ideal storage and serving temperatures for all types of wine  
Unique storage and temperature control features  
Cooling and heating circuits facilitate precise temperature control to provide the best environment for the storage of wine

# RANGEmaster

**MERCURY**

## Important message

Due to increased manufacturing demands, there is currently a minimum 24 week lead time on Rangemaster, Falcon & Mercury range cookers with certain models expected in early 2022.

Swift will continue to place orders and you will be informed of your expected delivery at time of order.

## *A range cooker for every occasion*

### **Rangemaster**

*A full collection of Range Cooking, Extraction and Side by Side Refrigeration with core lines available from stock*

### **Falcon & Mercury**

*Beautiful range cooking available to order*

**Extended lead times. See message on page 192**

- Wine funnel

## Great new high end products perfect for sous-vide cooking

*“Sous-vide is a method of cooking in which food is placed in a plastic pouch and cooked in a water bath for longer than normal cooking times. The intent is to cook the item evenly, ensuring that the inside is properly cooked without overcooking the outside, and to retain moisture.”*

With Smeg appliances the same results can be achieved by using the vacuum drawer alongside a steam oven.

### Linea Vacuum Drawer

CPV115S

60cm Vacuum Drawer, 15cm High Silver Glass

- Suitable for fitting directly below a 45cm blast chiller or steam oven.
- Handless function, 3 levels of vacuum
- Reseal function, Chef function
- 3 levels of sealing
- Auto dehumidification pump cycle includes:
- 50 bags for food conservation
- 50 bags for sous-vide cooking

£2,090.83

## TERMS AND CONDITIONS OF SALE

### 1. GENERAL

1.1 In these Conditions the following expressions shall have the following meanings :-

- 1.1.1 "Buyer" means the individual firm company or other party from whom an Order to supply the Goods and/or the Services is received by the Seller
- 1.1.2 "Conditions" means the standard terms and conditions of sale of the Seller as set out herein and includes any additional terms and conditions of sale agreed in writing between the Seller and the Buyer
- 1.1.3 "Contract" means a contract for Supply of Goods and/or Services by the Seller to the Buyer whether made verbally or in Writing
- 1.1.4 "Goods" means the goods which the Seller is to supply under the Contract
- 1.1.5 "Order" means an order placed by the Buyer for the Supply of the Goods and/or the Services
- 1.1.6 "Recommendations for Use" means the recommendations (if any) relating to the storage, handling, application and/or use of the Goods contained in the published literature of the Seller (or, if relevant, a Supplier) or any recommendations made in writing by an authorised representative of the Seller (or, if relevant, a Supplier)
- 1.1.7 "Seller" means Swift Electrical Wholesalers (S-O-T) Limited and any subsidiary or holding company or associate (as such terms are defined in the Companies Act 1985 (as amended)) of the said company and also, where the context so permits, any sub-contractor of the said company or of any subsidiary or holding company or associate (as aforesaid) of the said company
- 1.1.8 "Supplier" means any person, firm or company who or which supplies the Goods and/or the Services to the Seller in substantially the form in which they are supplied to the Buyer
- 1.1.9 "Services" means the work or services or any of them to be provided by the Seller under the Contract
- 1.1.10 "Supply" includes, where the context so admits, lease, hire or loan of the Goods
- 1.1.11 "Writing" includes telex, cable, facsimile transmission and comparable means of communication
- 1.2 The Seller reserves the right where there has been no previous course or dealings with the Buyer to insist that the Buyer notifies it in Writing of the full name and address of the Buyer and all its branches and where the Buyer is a limited company the full names and addresses of all its Directors and the names of three persons firms or companies with whom the Buyer has had trade dealings and the name and address of the Buyer's bankers together with authority in Writing for the Seller to contact the same for appropriate references. If the information is not provided within seven days of a request therefore by the Seller or if, following the provision of such information, the Seller is unable to obtain satisfactory trade indemnity or similar cover in respect of its dealings with the Buyer, the Seller may terminate the Contract and the rights and liabilities of the parties shall be the same as if the Contract had been cancelled in accordance with the provisions of Condition 9.2
- 1.3 The Seller reserves the right to assign sub-contract or sub-let the fulfilment of the Contract or any part thereof. The Buyer shall not be entitled to assign the benefit or burden of the Contract without the consent in Writing of the Seller
- 1.4 The Seller shall not be prejudiced by any forbearance or indulgence granted to the Buyer and no waiver of any breach on the part of the Buyer shall operate as a waiver by the Seller of any future breach

### 2. ORDER, ACKNOWLEDGEMENTS, CONDITIONS AND VARIATIONS

- 2. Notwithstanding that the Seller may have given a detailed quotation or estimate either verbally or in Writing no Order shall be binding on the Seller unless and until it has been acknowledged in Writing by the Seller or the Goods are delivered or the Services are performed by the Seller to the Buyer pursuant to the Order
- 2.2 These Conditions are incorporated in the Contract and contain the entire obligations between the Seller and the Buyer. In the case of any inconsistency between any letter or quotation incorporating or referring to these Conditions and any Order, letter or form of contract sent by the Buyer to the Seller, whatever may be their respective dates, the provisions of these Conditions shall prevail. In the event of the Seller entering into the Contract without the Seller having submitted a written quotation or other letter or document incorporating or referring to these Conditions but in circumstances where the Buyer has had prior notice of these Conditions then all Goods supplied or Services provided shall be subject to these Conditions.
- 2.3 No variation of a Contract by the Buyer shall be binding upon the Seller unless made in Writing and signed on behalf of the Seller. In the event of such variation the Buyer shall indemnify the Seller in full against all loss, which term shall include (but without prejudice to the generality thereof) loss of profit, costs (including the cost of labour and materials), damages, charges and expenses incurred (directly or indirectly) by the Seller as a result of such variation
- 2.4 Any representations or warranties made by or on behalf of the Seller prior to the Contract (whether verbally or in Writing) are hereby expressly excluded and shall be of no effect

### 3. DESCRIPTION

- 3.1 Any figures statements descriptions illustrations photographs drawings or any other matters contained in the Seller's catalogues pamphlets price lists or advertising literature are not guaranteed to be accurate and are intended merely to represent a general picture of the Seller's products and services and shall not form part of the Contract
- 3.2 The Buyer recognises that the Seller is a distributor of the Goods. Although the Seller will try to notify the Buyer of any variations in the specification of its products of which it is aware the Buyer accepts that the Seller cannot be accountable for the consequences of any variations in the specification of the Goods

### 4. QUOTATIONS

- 4.1 The Seller's quotations are provisional in so far as they are subject to alteration by reference to the price of any item to be acquired by the Seller from a third party rates of wages other costs of production and any other circumstances beyond the Seller's control taking place between the date of the quotation and the Buyer's acceptance thereof
- 5. PRICE
- 5.1 The price payable for the Goods and/or the Services shall be the list price of the Seller current at the date of delivery of the Goods or provision of the Services less any applicable preferential discounts. Any price set out in any quotation shall be considered to have been given solely for information and shall not constitute an obligation on the part of the Seller that it will deliver the Goods or provide the Services at that price
- 5.2 The price payable for the Goods and/or the Services does not include Value Added Tax, which will be charged at the rate applicable at the date of invoice
- 5.3 Unless otherwise stated, the prices set out in the Seller's quotation does not include the cost of packaging. Where packaging is included, unless otherwise agreed, it will be to the Seller's standard specification which should be adequate for the normal incidence of competent handling, covered transport and short term indoor storage in a temperate climate. If additional protection is required, the Buyer must specify this before the Contract is made
- 5.4 Unless otherwise agreed in Writing the price does not include the cost of carriage to the contracted place of delivery nor the cost of off-loading of the Goods which should be arranged by the Buyer at its sole risk and expense nor the cost of installation of the Goods. The seller will endeavour to expedite delivery if requested so to do by the Buyer who must specify in Writing the means of transport to be used but the Buyer shall reimburse the Seller for all additional costs the Seller incurs thereby. The Buyer also agrees to pay for any loss or extra cost incurred by the Seller through the Buyer's faulty instructions, lack of instructions or any failure or delay of the Buyer in taking delivery or through any act or default on the part of the Buyer, its servants, agents or employees
- 5.5 Unless otherwise agreed in Writing Goods to be delivered to a Buyer whose address is outside the United Kingdom will be sold F.A.D.

### 6. DELIVERY

- 6.1 Delivery of Goods shall be deemed to be effected by the Seller at the following times :-
- 6.1.1 Where Goods are sold F.A.D. delivery shall be complete when they are delivered to the entrance gate of a dock in the United Kingdom nominated in Writing by the Buyer
- 6.1.2 Where Goods are delivered by the Seller when the same arrive prior to unloading of the Buyer's premises or at premises nominated by the Buyer or at the nearest accessible road point to such premises
- 6.1.3 Where Goods are delivered by an independent carrier delivery of the same by the Seller to the Buyer shall be deemed to be effected at the time of loading onto the carrier's vehicle
- 6.1.4 Where Goods are to be delivered by container delivery shall be complete when the same are loaded onto transport for delivery to the container depot or loaded into the container whichever is the earlier
- 6.1.5 In the event of Goods being collected by or on behalf of the Buyer by its servants or agents collection as aforesaid will constitute delivery to the Buyer
- 6.1.6 Where Goods are to be delivered by post when the package or parcel containing the Goods is placed in the custody of the postal authorities
- 6.2 Delivery of Services shall be deemed to be effected by the Seller at the time of provision by the Seller of the Services
- 6.3 Whilst the Seller will make every reasonable effort to complete the Contract by the date or dates therein specified for delivery of Goods or provision of Services such date or dates shall only constitute the time by which the Seller expects to effect such delivery or provision but the time for performance of the Contract by the Seller shall not be of the essence of the Contract, the Seller's failure to so deliver or provide by the due date or dates shall not constitute a breach of Contract and the Seller shall not be responsible for any direct or consequential loss resulting therefrom. The Seller may wholly or partly suspend deliveries of Goods or provision of Services and the Buyer shall accept later delivery of such Goods or late provision of such Services unless the Buyer has cancelled the Contract in accordance with the provisions of Condition 9.3

### 7. QUANTITIES AND INSTALMENTS

- 7.1 Where Goods or Services are delivered or provided by instalments each instalment shall be deemed to be sold under a separate Contract and the party in default in respect of any instalment shall be liable accordingly, but no default in respect of any one instalment shall affect due performance of the Contract as regards other instalments
- 7.2 The Seller will endeavour to deliver the quantity of Goods ordered and every delivery shall be deemed to comply with the Order if there is a surplus or shortage of Goods not exceeding ten per cent
- 7.3 If Goods or Services are to be delivered or provided by instalments, the Seller shall be entitled to invoice each instalment as and when delivery or provision is made and payment for all delivered or provided instalments shall be due notwithstanding the non-delivery or non-provision of other instalments or other default by the Seller. Failure by the Buyer to make payment by the due date for any one instalment for whatever reason shall entitle the Seller to suspend deliveries of Goods or provision of Services under the Contract but without prejudice to any other right the Seller may have under the provisions of these Conditions

### 8. TERMS OF PAYMENT

- 8.1.1 Unless otherwise agreed the price shall be due and payable at the Seller's offices in sterling thirty days after the day on which the Goods are delivered or the Services are provided or the Buyer is sent a notification that the Goods are in a deliverable state or that the Seller is ready, willing and able to provide the Services (whichever is the earlier). However, the Seller reserves the right (but without prejudice to its other rights under these Conditions) to require payment immediately on delivery of the Goods or provision of the Services or on sending notification that the Goods are in a deliverable state or that the Seller is ready, willing and able to provide the Services if the Buyer has previously failed to make any payment owing to the Seller on the due date or if the Seller has received unsatisfactory credit rating information relating to the Buyer
- 8.1.2 If the Buyer does not pay the whole or any part of the price on the required day then the Seller shall be entitled (upon giving 24 hours notice in Writing of its intention so to do) to withdraw any preferential discount offered to the Buyer and the Buyer shall be bound to pay to the Seller the amount of the invoiced price before deduction of any such preferential discount and the Buyer shall pay to the Seller interest on the amount then outstanding from the required day until the actual date of payment at the rate of 4 percentage points over the base rate of National Westminster Bank PLC from time to time in force which shall accrue on a daily basis
- 8.1.3 So long as any payment due from the Buyer to the Seller is outstanding, whether under the same or any other Contract or transaction the Seller shall have a lien on any Goods in its possession and it shall be entitled to retain them and/or suspend work on any Contract
- 8.2 Payment may not be delayed or refused for any alleged defects in the Goods or Services which the Seller undertakes to correct under the terms of its warranty
- 8.3 The Buyer shall not be entitled to withhold payment of any amount due to the Seller by reason of any disputed claim by the Buyer in connection with the Contract nor shall the Buyer be entitled to set off against any amount payable under the Contract to the Seller any amount which is not then due and payable by the Seller or for which the Seller disputes liability

### 9. SUSPENSION AND CANCELLATION

- 9.1 If the Buyer shall fail to give delivery instructions for or take delivery of the Goods or promptly and diligently carry out any requisite inspection of the Services or make any payment when it becomes due (either under the Contract or under any other Contract between the Seller and the Buyer) or shall commit any other breach of the Contract and fail to remedy the same within seven days of receiving the Seller's request in Writing so to do or makes any voluntary arrangement with the creditors or become subject to an administration order or (being an individual or firm) becomes bankrupt or (being a company) goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction), or an encumbrance takes possession, or a receiver is appointed, or any of the property or assets of the Buyer, or the Buyer ceases, or threatens to cease, to carry on business, or the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly, the Seller may :-
- 9.1.1 Stop any Goods in transit and suspend further deliveries of Goods or provision of Services and/or
- 9.1.2 Cancel the Contract, and if the Goods or Services or any part of them have been delivered or provided but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary and/or
- 9.1.3 Determine the Contract
- 9.2 But without prejudice to the Seller's right to any unpaid price for Goods delivered or Services provided under the Contract and to damages for loss suffered in consequence of such determination
- 9.2 If the Buyer requires cancellation of the Contract this will only be accepted at the sole discretion of the Seller and unless otherwise agreed in Writing only upon condition that any costs charges or expenses (both direct and consequential) incurred by the Seller up to the date of cancellation and the value of all loss or damage (both direct and consequential) incurred by the Seller by reason of such cancellation will be reimbursed by the Buyer to the Seller forthwith. Acceptance by the Seller of any cancellation by the Buyer will only be binding upon the Seller if it is made in Writing
- 9.3 In the event of the Seller other than in any of the circumstances set out in Condition 9.1 being prevented from completing the Contract either wholly or in part in accordance with the terms thereof for any reason whatsoever beyond its reasonable control then further performance of the Contract shall be suspended for the period during which the Seller is so prevented provided that in the event of the Contract being suspended for a continuous period of more than three months then either party may give the other notice in Writing to terminate the Contract forthwith and in such circumstances the Buyer shall pay for all Goods supplied and Services provided to the date of such termination such payment to be made on or before the last day of the month in which termination was effected. The Seller shall be under no liability whatsoever to the Buyer for any direct or consequential loss or damage suffered by the Buyer as a result of the Seller's inability to perform its obligations under the Contract in these circumstances
- 9.4 The Seller shall suspend the performance of the Contract upon receipt of a request in Writing from the Buyer so to do but only for a period not exceeding twenty eight days and the Buyer shall reimburse the Seller for all storage charges and other additional costs the Seller incurs thereby. In the event of the suspension as aforesaid continuing for a period in excess of twenty-eight days then the Seller may terminate the Contract and the rights and liabilities of the parties shall be the same as if the Contract had been cancelled in accordance with the provisions of Condition 9.2

- 9.5 If the Seller shall be prevented from delivering Goods or providing Services in accordance with the Contract as a result of delay or default on the part of the Buyer or any other reason beyond the Seller's reasonable control and the Contract is not cancelled in accordance with the other provisions of this Condition 9 the Seller shall be entitled to reschedule the date or dates for such delivery of Goods or provision of Services to such time or times as it shall reasonably require taking into account its commitments to third parties. The Seller shall also be entitled to be paid storage charges for Goods in the event of such delay or default by the Buyer and notwithstanding Condition 15 such Goods shall be at the sole risk of the Buyer
10. EXTRA COSTS
- The Buyer will pay to the Seller any extra costs that it incurs as a result of the variation delay or suspension of work arising from any act or omission of the Buyer or any contractor employed by the Buyer or any other circumstances for which the Seller is not responsible
11. INSTALLATION
- 11.1. When the Contract provides for the Seller to supervise installation by the Buyer the Seller will supply the necessary competent personnel for supervision purposes only. The Buyer will supply all other necessary skilled and unskilled labour, and all equipment and tools for the installation of the Goods
- 11.2. When the Contract provides for actual installation by the Seller, the Seller will supply all necessary personnel and handtools for the installation of the Goods according to the details specified in its quotation
- 11.3. Where installation services are to be provided under Condition 11.1 or 11.2 unless otherwise agreed the Buyer will be responsible for:
- 11.3.1. All necessary preparation of the site including all work to buildings, foundations, supporting structures and fixing points
- 11.3.2. The proper unloading, safe-keeping and insurance of the Goods from the time of delivery
- 11.3.3. The provision of scaffolding, lifting and any other equipment (excluding handtools) and all services required to install or operate the Goods
- 11.3.4. Any work preparatory to installation or in the installation itself not specifically included in the Seller's quotation, and
- 11.3.5. Giving the Seller access to and possession of the site at such time and in such state as may enable it to complete the installation with any agreed time limit
- 11.4. If the Buyer fails to provide all or any of the items referred to in Condition 11.3 when the Seller reasonably requires them or to its reasonable satisfaction then having given the Buyer an opportunity to remedy its breach of undertaking the Seller may in its discretion and at its sole option arrange for the provision of such item or items as it may require and such expense as may be incurred in providing such item or items shall be payable by the Buyer on demand. A certificate of the Seller's Auditors certifying such amounts shall be conclusive and binding on both parties
12. CLAIMS FOR DAMAGE IN TRANSIT/SHORTAGES
- 12.1. Where the Seller is responsible under the Contract for delivery and subject to the provisions of Condition 13.1 the Seller undertakes to make up any shortage or to repair or at its discretion replace free of charge any Goods lost, partially lost or damaged in transit to the contracted place of delivery in which event the time for the delivery of the same shall be extended for such period as the Seller may reasonably require
- 12.2. No claims for non-delivery, partial loss or damage to Goods will be accepted by the Seller unless:-
- 12.2.1. Notified in Writing by the Buyer to the Seller (with a copy to the carrier if the Seller's own vehicles were not used) within 7 days after the day of delivery (in the case of partial loss or damage) or 14 days after the date of the invoice (in the case of non-delivery)
- 12.2.2. The Goods in respect of which a claim is made together with the packing are preserved complete and intact as received; for a period of twenty-one days from notification of such claim (or thirty-five days in the case of an export order) and the Buyer permits the Seller or its servants or agents full and free right of access to inspect the Goods and investigate the claim
13. WARRANTIES AND CLAIMS
- 13.1. The Goods are not manufactured by the Seller and if they are delivered direct to the Buyer by the Supplier or other third party or collected by or on behalf of the Buyer from the Supplier or other third party the Seller shall not be liable for any loss or damage to such Goods whatsoever or whensoever occurring
- 13.2. The Seller shall use its best endeavours to pass on to the Buyer such benefits relating to warranties in respect of or guarantees of the Goods which the Seller has under contract with the Supplier or other third party, provided the Buyer observes the claims procedure set out in Condition 13.3. Save as aforesaid any warranties conditions or undertakings whether express or implied by statute common law or otherwise howsoever in respect of the Goods are subject to Section 6(1) of the Unfair Contract Terms Act 1977 hereby expressly excluded
- 13.3. Subject always to the provisions of Condition 8, in the event of a claim being made by the Buyer that the Goods or any part thereof are faulty the first recourse is to the manufacturer's warranty and the following procedure shall apply for dealing with such claim:
- 13.3.1. The Seller shall deliver a replacement for the Goods to the Buyer and submit an invoice to the Buyer in respect of such replacement which will be payable in accordance with the provisions of Condition 8
- 13.3.2. The Buyer shall return to the Seller the Goods in respect of which the claim is made complete with all accessories, instruction books, warranty forms as originally delivered to the Buyer
- 13.3.4. If the Seller rejects the claim of the Buyer following inspection it will so advise the Buyer in Writing and the Goods will be held at the Seller's premises for collection by the Buyer for a period of 14 days after the date of the Seller's notice and, if not collected by the Buyer within that time, may be sold by the Seller (without obligation as to price) and the proceeds of sale will be set against the amounts owing to the Seller in respect of the Invoice for the replacement Goods and the costs of storage of the Goods in respect of which the claim is made and any other sums due from the Buyer to the Seller on any Contract and any balance remaining will be paid by the Seller to the Buyer
14. TITLE TO GOODS
- 14.1. Until payment in full of all monies due and owing by the Buyer to the Seller on any account whatsoever has been received full legal and beneficial ownership of the Goods shall be retained by the Seller notwithstanding that the risk in the same shall pass to the Buyer at the time of delivery
- 14.2. Until payment in full for the Goods has been made the Buyer shall hold the same as fiduciary agent and bailee of the Seller and shall at all times take proper care of the same and/or any products made wholly or partly therefrom and keep them in such manner that they may be clearly identified as belonging to the Seller and the Buyer hereby grants to the Seller the right to enter on the Buyer's premises at any time during the continuation of any Contract to check that the Buyer is complying with the obligation contained in this Condition. The Buyer will return the Goods and/or any products made wholly or partly therefrom to the Seller if it receives a request so to do prior to payment in full having been made
- 14.3. Subject to Conditions 14.4 and 14.5 the Buyer shall be at liberty to sell the Goods and/or any products made wholly or partly therefrom in trust to pay to the Seller such sums to which it is entitled under the provisions of the Contract provided that the sums due to the Seller shall be kept separate from any moneys of the Buyer and/or any third party. Notwithstanding the provisions of this Condition 13 the Buyer may retain from the proceeds of such sale any sum in excess of the sum or sums to which the Seller is entitled under the Contract or any other Contract between the Seller and the Buyer
- 14.4. The Seller may at any time revoke the Buyer's conditional power of sale contained in Condition 14.3 by giving 24 hours prior notice in Writing of such revocation and without notice in the event of the Buyer being in default for longer than fourteen days in the payment of any sum whatsoever due to the Seller from the Buyer (whether in respect of the Goods or under any other Contract between the Seller and the Buyer) or if the Seller has bona fide doubts as to the solvency of the Buyer
- 14.5. The Buyer's conditional power of sale contained in Condition 14.3 shall automatically cease if:
- 14.5.1. A receiver or administrative receiver is appointed over the whole or any part of the assets or the undertaking of the Buyer or a winding up order is made against the Buyer or the Buyer goes into voluntary liquidation (except solely for the purpose of reconstruction or amalgamation) or calls a meeting or makes any arrangement with his or its creditors or becomes subject to an administration order or commits any act of bankruptcy or
- 14.5.2. The Buyer pledges or in any way charges by way of security for indebtedness the whole or any part of the Goods
- 14.5.3. And in either event all moneys then due in accordance with Condition 8 shall become payable forthwith notwithstanding the provisions for payment contained in Condition 8 or
- 14.6.1. The Seller has bona fide reason to believe that the Buyer is not complying with the obligations contained in Condition 14.2
- 14.6.2. On determination of the Buyer's conditional power of sale under Conditions 14.4 and/or 14.5 the Buyer shall place the Goods and/or any products made wholly or partly therefrom in the Buyer's possession at the Seller's disposal and the Seller shall be entitled to enter upon the premises of the Buyer for the purposes of removing the same using such force as is reasonably necessary for such purpose
- 14.7. If at the time of the determination of the Buyer's power of sale under Conditions 14.4 and/or 14.5 any Goods and/or any products made wholly or partly therefrom are in the custody or control of any individual firm or company other than the Buyer the Buyer shall immediately provide the Seller with an authority in Writing to collect the same and the same shall be at the Seller's disposal
- 14.7. For the purposes of Condition 14.1 the expression "the Buyer" includes any subsidiary or holding company or associate of the Buyer (as such terms are defined in the Companies Act 1985 (as amended))
15. RISK AND INSURANCE
- 15.1. The risk in the Goods shall pass to the Buyer at the time of delivery as provided for in Condition 6. The reservation of title contained in Condition 14 shall not affect the Buyer's responsibility to effect such insurance cover which it may consider to be appropriate
16. ERRORS
- 16.1. The Seller reserves the right to correct any clerical or typographical errors made by its employees servants or agents at any time
17. HEALTH AND SAFETY AT WORK ACT 1974
- 17.1. The attention of the Buyer is drawn to the provisions of Section 6 of the Health and Safety Act 1974. The Seller will make available upon request such information as is in its possession on the design construction and installation of its products to ensure that as far as is reasonably practicable they are safe and without risk to health when properly used. It is the responsibility of the Buyer to take such steps as are necessary to ensure that such information relevant to the Goods which is appropriate is made available to its servants agents or any person to whom the Buyer supplies the Goods and to any other person to whom the Buyer reasonably considers any such information should be given
18. SAFETY REGULATIONS ON EXPORTED GOODS
- 18.1. The Goods shall not be used in any country other than that for which the Seller was aware they were originally ordered, without the Seller's consent in Writing
- 18.2. If Goods are to be supplied under the Contract to be used outside the United Kingdom the Buyer shall be deemed to have satisfied itself that such Goods comply with the safety regulations of any country or State in which the Goods are to be so used and the Buyer shall indemnify the Seller in full for any loss or damage whatsoever which the Seller may incur if such Goods do not comply with such safety regulations
19. BUYER'S WARRANTIES
- 19.1. The Buyer warrants to the Seller that:
- 19.1.1. The Buyer will install, operate or otherwise use or store the Goods strictly in accordance with the Recommendations for Use and will all relevant or applicable statutory or other regulations governing the installation, operation, use or storage of the Goods
- 19.1.2. Any collection vehicle, container, ship or other means of transport provided by the Buyer or any agent of the Buyer will comply with all relevant legislation and regulations relating to health and safety requirements
- 19.1.3. The storage and transport facilities of the Buyer and all parts thereof and all equipment used in connection therewith is suitable for storage (both short term and long term) and transport of the Goods and complies with any statute, regulation, bye law or other rule having the force of law and relating to the storage of goods of the nature of the Goods
- 19.1.4. Where the Goods are supplied packaged ready for sale the Buyer and its servants, agents and representatives will not tamper with remove or alter the packaging or labels without the prior consent in Writing of the Seller
- 19.1.5. The Buyer will ensure that the Goods are stored at temperatures appropriate to goods of that nature and will comply with any recommendations as to the storage of Goods notified to it by the Seller from time to time
- 19.2. The Buyer shall indemnify the Seller against any claim, loss or damage (including, without limitation, damage to the reputation of the Seller) arising directly or indirectly from any breach of the warranty contained in Condition 19.1
20. SEVERANCE
- 20.1. If at any time any one or more of the provisions of these Conditions becomes invalid illegal or unenforceable in any respect under any law or is held by a court to be invalid illegal or unenforceable the validity and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby
21. AUDITOR'S CERTIFICATE
- 21.1. In the event of a dispute arising between the Seller and the Buyer concerning the sum or sums to which the Seller is entitled in addition to the Contract price as provided for in these Conditions then a certificate from the Seller's auditors certifying such sum or sums shall be conclusive and binding upon the Seller and the Buyer. Any sum certified by such auditors shall be paid by the Buyer on or before thirty days from its receipt of such certificate
22. JURISDICTION
- 22.1. These Conditions and each and every Contract made pursuant thereto shall be governed by and construed in all aspects in accordance with the laws of England and the Seller and the Buyer hereby agree to submit to the non-exclusive jurisdiction of the English Courts
23. GENERAL
- 23.1. Any notice required or permitted to be given by either party to the other under these Conditions shall be in Writing addressed to that other party at its registered office or principal place of business or such other address as may at the relevant time have been notified pursuant to this provision to the party giving the notice
- 23.2. No waiver by the Seller of any breach of any provision of the Contract by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other provision

Big Brand Distribution

### Methods of Payment

We are able to accept all of the following methods of payment, subject to conditions.

#### Credit Account

Swift Credit account holders get 30 days End-of-Month credit. Speak to your ASM for a credit account application form

#### Cheque

All cheques must be given sufficient time to clear before the goods can be despatched.

#### Bank Transfer

We can accept payment directly into our bank account. All payments must be cleared 24 hours before despatch. Please contact our Credit Control Department for Bank Details.

#### Cash

Cash payment is only accepted through our Trade Counter

#### Credit /Debit Card

We accept all major credit and debit cards except American Express Please speak to the sales desk when placing an order to discuss your needs.

### Delivery Charges

Trade Delivery is Free of Charge.

Home delivery will be charged at £25 + VAT Customer's name, address and phone number will need to be provided at the time of placing the order.

Deliveries will only be made to a ground floor entrance by a single driver. Assistance may be required with larger / heavier items. Delivery via carrier may be requested and will be chargeable at the appropriate rate.

### Returns

Any goods damaged in transit must be reported to us within 7 days. Faulty goods will only be collected on proof of a valid manufacturer uplift number.

Any goods which are surplus to requirements must be reported within 14 days of the original delivery date and must be packaged as new. We reserve the right to charge a 'restocking charge' of 20% on unwanted goods but are unable to collect goods which have been discontinued or ordered specially. All requests for collection must be submitted on 'Swift Electrical Collection Request forms'. which are available from our Sales Desk

Although we strive to keep the content of all our literature and communications as accurate as possible, any product descriptions and information provided are for illustrative purposes only and customers should check all specifications and dimensions with the manufacturer before placing any orders. Full product information can be found in the relevant manufacturer's literature and websites. All prices and offers supersede all previous offers. We cannot be held responsible for any errors and/or omissions or any costs incurred as a result.

“We believe the Swift service promise is worth SHOUTING about.”

## Our promise to you

### Excellence through Service and Availability

#### Service excellence

- Dynamic route scheduling system now in place.
- Due to COVID-19, our delivery service may be flexed along with customer demand.
- We currently deliver to the majority of England and Wales twice a week.
- Automatic SMS service advises day and time of delivery.
- Immediate notification if order is out of stock.

#### Wide range of stocks

- Appliance, Sink, Tap and Accessories ‘one stop shop’.
- Over £2 million of stock of brand names you know and trust.
- Short lead times.
- Regular offers and promotions via Switched On and The Big Deal.

#### Friendly and knowledgeable team

- Trained internal and external sales contacts for every customer.
- Best customer service in the industry.
- Product teams who really understand your needs.
- Regular customer feedback opportunities allowing for continual service improvement.

#### Easy to do business with

- Rolling delivery schedules mean no daily cut-off time.
- Swift Store - The industry leading website with real time ordering and stock levels.
- Regular, relevant customer engagement via direct mail and social media.
