---------------------	-----

welcome to MERLYN

We've built our name and reputation on a simple ethos... to deliver on everything we promise to our customers. This is because you are at the heart of everything we do.

We have a relentless desire to deliver the highest level of attention to detail, and our award-winning customer service department – and the wider MERLYN team – live this ethos every single day.

We're passionate about innovation, quality and design, and this is reflected throughout our ranges.

Our unique approach has resulted in us becoming the No.1 shower enclosure brand in the UK and Ireland, with 5 million people enjoying a MERLYN shower experience every day.

When you choose a MERLYN shower you are investing in one of the world's most luxurious showering environments and you get the added peace of mind of our Lifetime Guarantee.

Thank you for choosing MERLYN.

The MERLYN Team

Award Winning Customer Service

It is not about what we do but what we can do for you.

We promise we will always be there for you at any stage of your journey with MERLYN. We have a genuine commitment to service and to finding a solution for you. Our specialised team's philosophy is to make everything easy for you and we will respond immediately to any request you might have.

We strive everyday to make excellence a habit.

Contact our award winning dedicated team of specialists, who are on hand to give you a personalised solution to your query.

passion to be precise.

Behind the exceptional products MERLYN produce, is a team of world class design innovators.

For us, it's all about providing the ultimate showering experience - from the smooth running of our shower doors, to the beautiful lines of our design and the quality of our fittings. We are proud to say our unique approach has resulted in us being the UK and Ireland's No.1 showering company for enclosures and trays.

the series collection

It's all about the experience

Made up of shower enclosures, trays and bath screens, the MERLYN Series Collection is all about providing the ultimate showering experience - from the smooth running of the shower doors to the beautiful and elegant design and the quality of fittings.

6 | series

- 10mm Glass Thickness
- Bespoke options available
- Smoked Glass option available

MERSHIELD
STAYCLEAR

LIFETIME
GUARANTEE

Without
Mershield Stayclear

Natural glass surface.

With
Mershield Stayclear

Mershield Stayclear coating creates a smooth layer over the surface of natural glass, lowering surface friction, making it easier for water, soap and lime deposits to run off the glass.

MERSHIELD
STAYCLEAR

Mershield *Stayclear*

MERLYN treats every product in the Series Collection with a special protective coating to ensure the glass maintains its sparkle. This comes as standard as part of our on-going commitment to service.

Mershield Stayclear acts as a protective coating which when applied to glass, helps the glass to remain shiny and new without the need for tiresome cleaning. When cleaned correctly it helps prevent the build up of limescale and soap deposits making the shower glass "easy to clean". Please see tips for keeping the glass in pristine condition.

Without Mershield Stayclear Protective Coating

Without Mershield Stayclear protection, water and soap deposits cling to the glass surface causing a build up of grime, requiring more vigorous cleaning.

With Mershield Stayclear Protective Coating

The Mershield Stayclear coating provides a larger contact angle for the water droplets on the surface and makes the drops smaller than drops falling on an untreated surface. This ensures the droplets roll away much faster down the surface, minimising deposits left behind.

Tips on how to
keep your MERLYN
glass in pristine
condition:

- It is important to clean your glass after every use - wipe down with a soft cloth.
- Install the enclosure in a well ventilated area.
- Do not allow limescale to build up in hard water areas.
- Ensure any residual water on the glass is removed after every use.
- Clean the glass regularly using soapy water.
- DO NOT use abrasive products on any surfaces.

MERLYN

lifetime guarantee

MERLYN is committed to developing products that meet the highest demands in terms of design, performance and quality.

Due to our extreme confidence in our products and our unrelenting desire to deliver only the highest level of service, we have created the MERLYN Lifetime Guarantee.

MERLYN shower enclosures are crafted and engineered for a lifetime.

For more about our MERLYN Lifetime Guarantee, contact our MERLYN customer service team on 0808 101 1429.

10 | series

This range is the flagship of the MERLYN Series Collection, it exudes the very finest in style, luxury and quality. These beautifully designed solid doors can be personalised to suit any space and design requirements.

Why choose 10 Series?

Up to 10mm glass

Adding to the quality feel of this range, 10 Series products are manufactured using up to 10mm toughened safety glass. Smoked Black Glass option available.

Towering glass height

With up to an impressive 2100mm glass height, 10 Series gives you an amazing sense of space when showering.

A choice of handles

The 10 Series range gives you a choice of handles to suit your own personal style with both a chrome circular handle and an eyelet handle as standard with your enclosure.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 107).

Quiet glide wheels

Using MERLYN'S years of engineering experience, the 10 Series also features a quiet glide wheel which softly opens and closes with minimum effort.

8 | series | *frameless*

If your bathroom is crying out for an enclosure that has a minimalist designer frame the 8 Series Frameless range is perfect. With its chrome hinges and handles, it's the perfect complement for any modern styled bathroom.

Why choose 8 Series frameless?

8mm glass

The 8 Series Frameless range features stunning 8mm frameless glass, standing at the impressive height of 2000mm.

MERLYN signature badging

For the designer look, the minimalist frame is complemented with subtle MERLYN embossing. A true mark of quality for you to showcase in your bathroom.

Horizontal designer handle

The Hinged and Quadrant shapes in this range feature our exclusive horizontal handle which offers the perfect symmetry and solid feel to this truly stunning range.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 107.)

Ultra slim hinges

Complementing the designer minimalist look, the ultra sleek one piece hinges on our 8 Series Frameless range are our most innovative to date. The internal mechanics are concealed fully in one elegant chrome plate, which gives you a secure showering environment with added style.

8 | series

If you are looking for a large selection of shapes to choose from, then 8 Series is the range for you. This range is a true style statement, with ingenious functionality. An excellent choice for all homeowners.

Why choose 8 Series?

8mm covered

The 8mm glass in the 8 Series range is that great balance between our 10mm range and 6mm ranges. The glass is also toughened and tested rigorously to ensure maximum safety.

Easy clean double rollers

This feature on our 8 Series range is a great addition to make your enclosure the easiest to clean on the market. Simply push and release for easy cleaning in those hard to reach areas.

Every space covered

Not every space is the same, so MERLYN have designed a range of Inline Panels which can be added to standard enclosures to fit any width from 650mm to 1900mm. These ingenious semi-frameless panels, with a generous glass height of 1950mm, gives you options for almost any width you need.

Ergonomic handle

The elegantly designed internal and external handles are designed to effortlessly close the shower to a solid "Clunk" each time you shower. With a beautiful solid chrome plated finish, it adds a designer touch to your enclosure.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 107).

6 | series | *frameless*

An elegant range of enclosures designed to offer a frameless look for any bathroom space. The beautifully crafted hinges and stabilising bars would suit both contemporary or traditionally styled bathrooms.

Why choose 6 Series frameless?

Discreet designer stabilising bar

This range offers a designer bracing bar that blends seamlessly into the glass, ensuring a secure and frameless feature within your bathroom.

Luxury solid metal handle

This range ensures minimalist elegance in every detail, including the luxury solid handle that comes as standard.

Fusion of elegance and functionality

This range offers a towering glass height of 2000mm while maintaining its luxurious frameless design.

6 | series

The 6 Series range is the perfect choice if you are looking for a portfolio of shower enclosures to accommodate any space and design requirements.

Why choose 6 Series?

Easy clean double rollers

This feature on our 6 Series range makes your enclosure the easiest to clean on the market. Simply push and release for easy cleaning in those hard to reach areas.

A great range at a great price

The MERLYN 6 Series range offers all the benefits, design and technology of the Series Collection but at more accessible prices. This range delivers on style, function and value for money.

Chrome dual handle

A luxurious chrome dual handle complements the look of this framed range of enclosures with a discreet inside handle and larger external handle for easy closing.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 101).

Every space covered

Not every space is the same, so MERLYN have designed a range of Inline Panels which can be added to standard enclosures to fit any width from 670mm to 1915mm. These ingenious semi-frameless panels, with a generous glass height of 1900mm, gives you options for almost any width you need.

The ultimate leak free bath screens

SecureSeal by MERLYN offers functional and easy to use designs to complement any bathroom space. It has been designed with the same unrelenting attention to detail demonstrated across all MERLYN products.

Why choose SecureSeal?

Glass screen heights

With a screen height of 1500mm and glass of 6mm this bath screen offers you great quality together with it's functionality.

Leak Free Sealing Arm

The leak free sealing arm gives you peace of mind to enjoy a leak free shower experience.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 101).

Fixed panel storage option

All sizes within this range of bath screens offer you the choice of adding our Fixed Panel storage option, giving you greater storage and functionality.

Space solutions

With the option of a Single, 4 Fold or 5 Fold, the SecureSeal by MERLYN offers you choice to suit your bathroom space.

This is the SecureSeal Leak Free Sealing Arm

SecureSeal Lock

How SecureSeal works

The SecureSeal by MERLYN has been designed with a *Leak Free Sealing Arm* which extends from the profile to create a complete seal between the bath and screen. When not in use, the arm simply folds away back into the profile.

01. Extend

Extend screen and locate panels.

02. Pull Down

Pull down arm from storage position.

03. Lock In

Fully extend and clip into position for a secure fit and tight seal.

Bath Screens

Innovative design and contemporary aesthetics bring this bathroom favourite to life. This modern collection has been created with the same superb materials and unrelenting attention to detail demonstrated across all MERLYN ranges.

Why choose MERLYN Bath Screens?

180° inwards swing

The signature piece of this range, the Two Panel Hinged Bath Screen features a secure 180° inwards swing which means you can position the glass where you can comfortably deflect water into the bath and not on to the floor!

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE mark info page 101).

Rise and fall

All MERLYN Bath Screens have a rise and fall hinge to make it easier for you to open.

Cleaning

- It is important to clean your MERLYN Bath Screen after every use. Wipe down all the glass and metal parts with a soft cloth.
- Do not allow limescale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.
- Clean the glass regularly using soapy water.
- Do not use abrasive products on any surfaces.

Product Information

- MERLYN Bath Screens are not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes.
- Fitting of screen on baths which have raised head rests or shapes is not recommended.
- There must be no items causing obstruction with the seal and bath, as any of the above may cause leaks.
- When choosing your Bath Screen, please ensure that if your bath has bath handles, they do not interfere with the bath rim area where your screen will be placed.
- When choosing an in-swing or folding Bath Screen, please ensure your swing area is not interfering with any brassware or internal shower features. Similarly, when choosing an out-swing, please ensure the out-swing area is free from any obstructions.
- The MERLYN MB7 2 Panel Hinged Bath Screen is handed so please ensure you state whether you require a right or left handed configuration when ordering.
- It is recommended the shower head position is situated on the same wall to which the Bath Screen is fixed and in the centre of the shower area.

19 Bath Screens to choose from

Whether you are looking for a fresh modern angular style shower screen or a minimalist curved frameless screen, we have a great choice of styles, panel options, open and close features in this range of MERLYN Bath Screens.

Great space saving features

Featuring both design and functionality the 2 Panel Curved Bath Screen is the ultimate in space efficiency. With a sleek chrome towel rail and fitted internal shelves, this piece combines style with purpose for in bath showering.

HydraSEAL

We have created an exciting new feature, exclusive to MERLYN Bath Screens called HydraSEAL

HydraSEAL acts as an extra barrier, sealing the gap between the seal and the pivot point where water can usually escape. It contains a high density foam that compresses onto the bath screen to form a tight seal and restricts water escaping from this problem area.

HydraSEAL is now available on our MB1, MB2, MB3, MB3A and MB3B bath screens.

HydraSEAL creates a barrier to restrict leaking!

Introducing our new Slip Resistant Tray

Designed in a beautiful matt white finish without the harsh surface texture, sometimes, experienced in a slip resistant finish.

Best in class - Exceeding the requirement in two independent industry standard tests.

MERLYN slip resistant tray has achieved Class C for DIN 51097 – a barefoot ramp test.

MERLYN reached an SRV (Slip Resistance Values) in wet conditions greater than the required 36 mark. This ranks MERLYN in a premium class.

DIN 51097
Ramp test for barefoot Ramp angle

Class A $\geq 12^\circ$
Most Slippery

Class B $\geq 18^\circ$

Class C $\geq 24^\circ$
Least Slippery

MERLYN least slippery Class C $> 24^\circ$

THE SLIP RESISTANT PENDULUM TEST
Preferred assessment method of the Health Service Executive

BAREFOOT WET CONDITION TEST
The tester swings an imitation heel (using a standardised rubber soling sample), over a set area in a controlled manner.

Test method subject of British Standard British BS 7976: Parts 1-3, 2002.2

Slip resistant surface is part of the acrylic capped ABS surface and not added as a separate coating, giving it excellent durability and the anti-slip cannot be removed.

Feature Highlights

- Ultra slim 25mm low level tray
- Sleek minimalist design
- Discreet integrated waste cover
- Can be fitted on or level with floor
- Comes with 90mm fast flow waste
- Shower tray 25 year guarantee
- Available in square, rectangular and quadrant

Level 25 Tray

1. Top Acrylic capped ABS layer
2. Stone Resin
3. Bottom ABS layer
(encapsulates the tray)

Sleek minimalist design

This tray is sleek and ultra slim, creating a modern and contemporary feel for any bathroom. At only 25mm high this tray can be fitted flush to the floor encompassing all the benefits of a wetroom floor and accessibility but without the costly wetroom installation. The discreet integrated waste cover ensures it is aesthetically pleasing to the eye but highly functional.

The Level25 tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.

MSTONE

Function with style

The MStone double skin stone resin tray is sleek and sophisticated in design. A highly engineered tray providing rigidity and strength, combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray. In such cases you will need the MStone shower tray panel kit. MStone panel kits are available separately.

THE MSTONE TRAY IS CAPPED WITH AN EASY TO CLEAN SURFACE THAT PROVIDES A CHEMICAL RESISTANT, ANTI-BACTERIAL SOLUTION DUE TO IT'S ULTRA-SMOOTH, NON-POROUS SURFACE.

Why choose MStone Trays?

Fast flow waste

90mm fast flow waste, includes hair trap and chrome cover.

Adjustable leg system

Graduated adjustable leg system. Bottom acrylic capped ABS layer.

Easy fit tray panel

Graduated adjustable leg and easy fit tray panel kit.

MStone Tray

1. Top Acrylic capped ABS layer
2. Stone Resin
3. Bottom ABS layer (encapsulates the tray)

Feature Highlights

- Double skinned for added rigidity
- 50mm high to achieve minimalist design
- 130mm high including tray panel set
- The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth non-porous surface.
- Comes with 90mm fast flow waste
- More than 30 sizes available
- Available as low level or with tray panel kits for easy installation
- Shower tray Lifetime Guarantee*

*This guarantee covers manufacturing defects only.

Product Information

We have produced this product section to help you with your purchasing decision. For further information please contact your local stockist, details of which can be found at www.merlynshowering.com

Product information

All products are manufactured in accordance with EN14428 and utilise toughened safety glass to EN 12150.

All shower trays are manufactured in accordance with EN14527.

All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.

All enclosures, wetrooms and panels are Power Shower approved - will retain water under normal showering conditions.

Water retention is maintained in all products under normal showering conditions.

A selection of MERLYN enclosures are frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.

Opened cartons can not be returned. Returns carry a £40 box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted.

All products are supplied complete with full installation instructions and the necessary fixings.

Check with your dealer for accurate matching of material samples. Product descriptions do not imply the use of precious or valuable materials.

Our policy of reviewing product design and development on a regular basis means MERLYN reserve the right to change product specifications and prices without notice.

Only shower enclosures, panels, MStone shower trays and bath screens are covered by the Lifetime Guarantee. Please contact the MERLYN sales team for more details.

Glass shattering and parts subject to wear are not covered by the Lifetime Guarantee.

For full details on all product ranges please contact MERLYN Showering on 0808 1011429 or log onto www.merlynshowering.com.

Trays shown in this catalogue are for illustrative purposes only.

Images are for illustration purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.

Cleaning

- It is important to clean your MERLYN shower door and tray after every use. Wipe down all the glass and metal parts with a soft cloth.
- Do not allow lime scale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.
- Clean the glass regularly using soapy water.
- Do not use abrasive products on any surfaces.
- Install the enclosure in a well ventilated area.
- For more information on Merfield Stayclear glass please see page 08 of this brochure.

Information and maintenance

Always read the instructions on the packaging, chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

Important shower tray information

- It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- The waste has the capacity to carry away 29L/Min. High powered systems may exceed this. Please check with the manufacturer.
- Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- Please ensure that the colour and size of shower tray are as per your order before installation.
- You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- For open ended shower screens please consult your installer.
- Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

Important

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an 'up-stand'. The finished installation space may be less than the nominal tray size. MERLYN shower units are made to suit this remaining space.

Tray Finish min-max

The Tray Finish applies when fitting a door and a tray. These are the minimum and maximum dimensions that a shower door or enclosure will fit using standard wall profiles.

Tray finish

To find the correct Tray Finish dimension:

In a recess: Measure from the finished, tiled wall to the opposite finished, tiled wall.

In a corner: Measure from the finished, tiled wall to the edge of the tray.

Note: If the wall/walls are leaning in, this will further reduce your Tray Finish.

Adjustment

This is the min and max adjustment of the actual enclosure. These are the adjustment dimensions of the actual door excluding the tray. Therefore, these are the dimensions to follow when installing a enclosure in a wetroom application without a tray.

The guide below may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.

Recess Location

Take the measurements after the tray is installed and the walls are tiled.

DISCLAIMER

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

CE & EN Information

The CE marking on MERLYN enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

The European Union's "new approach directives" are mandatory on all member countries to enact through national legislation. This legislation requires manufacturers to display a CE marking on their product, packaging and accompanying literature. Where a new approach directive is in force, it is (with few exceptions) an offence to place a product on the market without a CE marking.

The manufacturer is legally responsible for ensuring that the product conforms to the requirements of the directive.

CE marking is one important measure that the EU has adopted to establish the single market and foster economic development for the member states. The objective of the directives is to simplify the movement of goods into and within the EU.

This may eventually lead to the free movement of goods throughout Europe as more and more European countries are expected to join the EU.

The European Commission thus refers to the CE

marking as a "Passport" which allows products to be freely circulated within the EU single market.

Often consumers will consider CE marking on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. CE marking is for many consumers a "Symbol of Safety."

MERLYN invests heavily in its product development and as such guarantees that its glass fully complies with regulations and is manufactured in accordance with BS EN

14428. The rigorous testing of the glass ensures that the endurance, stability and water retention criteria meet high industry standards.

ISO Certification

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN's credibility but also to instil confidence in our potential clients that MERLYN will keep its promises.

Inline Panel - *Space Solutions*

Our 6 Series range includes the option of additional Inline Panels to ensure the 6 Series can be used in any space from 670mm to 1915mm. Simply choose the adjustment for your space and we will create the ideal combination for you.
